

Buyer profile: Fortum

As one of the largest energy companies in the Nordic region with growing business in the Baltics, Poland, Russia and India, Fortum's vision "For a cleaner world", reflects the ambition to lead the transformation towards a low-emission energy system and optimal resource efficiency.

Fortum is seeking to grow together in partnerships with innovative cleantech SMEs addressing the areas of renewable energy technologies, digital energy services and new customer offerings. For this event, Fortum also is interested in energy-related solutions for sustainable cities and collaborations with potential new energy venture partners.

Meet Catarina Naucler, R&D Manager at Fortum Sweden, and her team with a central role in forming new supplier relations in partnerships or as potential customer.

Fortum is a leading clean-energy company that provides its customers with electricity, heating and cooling as well as smart solutions to improve resource efficiency. We want to engage our customers and society to join the change for a cleaner world. We employ some 8,000 professionals in the Nordic and Baltic countries, Russia, Poland and India, and 62% of our electricity generation is CO2 free. Fortum's share is listed on Nasdaq Helsinki (FORTUM). <http://www.fortum.com/>
