*"We must listen to the voice of the next generation
and involve them in decision-making... It is their
planet to inherit, and their passion to protect it
should inspire us all."*

Nicola Sturgeon, First Minister of Scotland, May 2019

*What kind of world do we want
to live in?*

But how do we get from this...

ENGAGE

Feel they have a part to play in creating a sustainable future.

EDUCATE

Understand the challenges of climate change and how Scotland can lead the change.

EMPOWER

Are equipped, prepared and motivated to be active citizens of the low carbon movement.

LEAD

Are the voice of our generation on climate change action at a national and international level.

@2050ClimateGrp
