

# Towards a more Sustainable Dairy Production – is Carbon Net Zero milk possible?

Anna Flysjö, Arla Foods  
Senior Manager, Life Cycle Sustainability

# Arla Foods

**60 000 hands**

19 000  
colleagues in  
40 countries

11 000  
owners in  
7 countries

**5 million hooves**

14 bn kg  
milk intake

Largest producer of  
organic dairy products

# Arla's sustainability journey

Focus on climate impact

# Greenhouse gas emissions from Arla Foods total production

Arla Foods' Environmental Profit and Loss Account (2016)

# Reducing the greenhouse gas emissions in our value chain

Status 2018

FARMS

**24%**

Smaller CO<sub>2</sub>e footprint per  
kilo milk since 1990

PRODUCTION

**22%**

Less CO<sub>2</sub>e emission from production,  
packaging and transport since 2005

GREEN ENERGY

**27%**

Energy from renewable  
energy sources

# Arla Foods' Green Ambition for the future focuses on 3 key areas

## BETTER CLIMATE

### **Our Goal**

Carbon Net Zero

## CLEAN AIR & WATER

### **Our Goal**

Nitrogen and Phosphorus  
Cycles in Balance

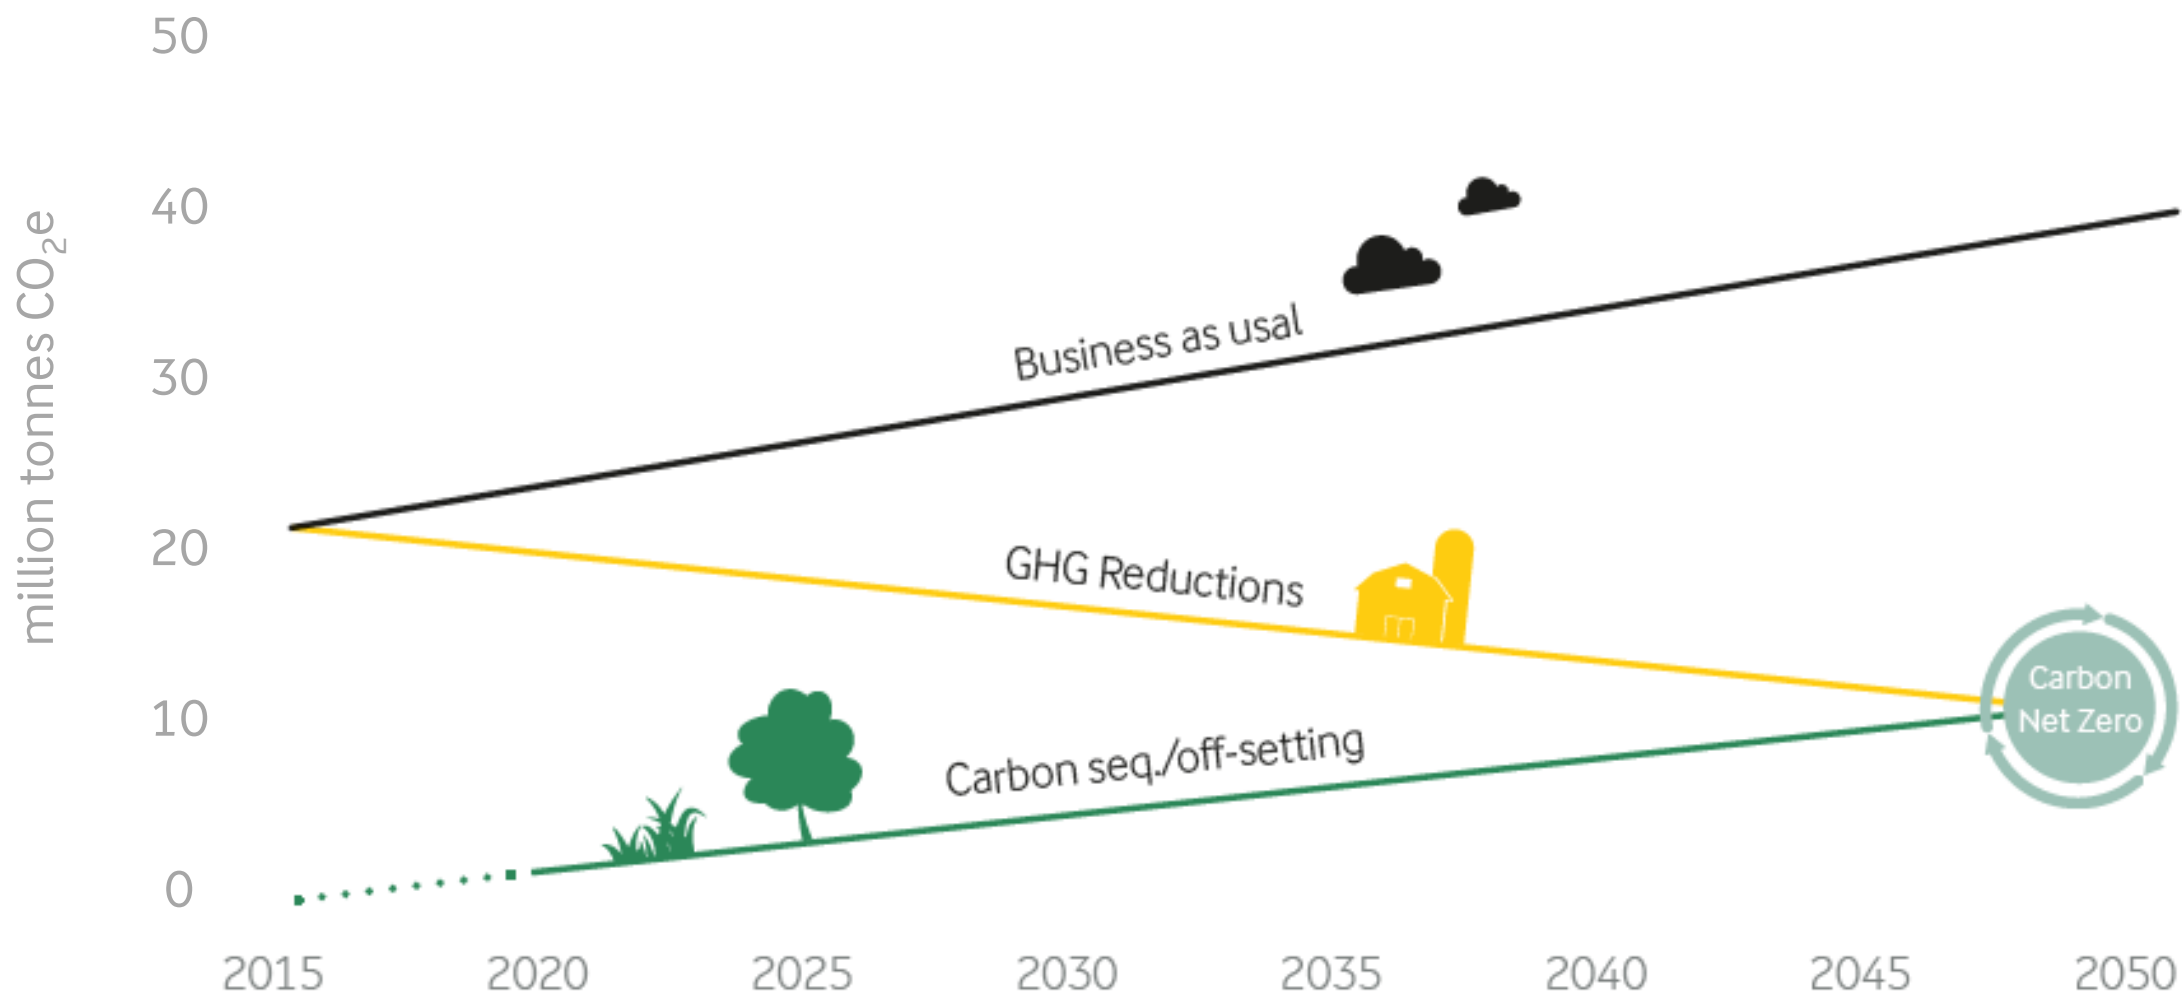

## MORE NATURE

### **Our Goal**

Increase Biodiversity  
and Access to Nature

# Carbon Net Zero in 2050

# Arla is committed to Science Based Targets

**-30%**  
from 2015-2030

## Scope 1&2:

30% absolute reduction in our own emissions (sites & transport).

## Scope 3:

30% reduction in GHG emissions intensity from our milk production, packaging and other activities.

### 3 Guiding Principles

will enable us to meet  
our goals and targets

FOSSIL  
TO RENEWABLE

---

CIRCULAR  
ECONOMY

---

COOPERATION IN  
THE VALUE CHAIN

---

# REDUCING EMISSIONS AT FARM LEVEL

WE AIM FOR MORE EFFICIENT AND PRECISE FARMING

REDUCE METHANE EMISSIONS  
BY OPTIMIZING FEEDING

MANURE EFFICIENCY  
TO MINIMISE EMISSIONS

EFFICIENT FEED PRODUCTION  
REDUCE WASTE & EMISSIONS

RENEWABLE ENERGY ON FARM  
WIND, SOLAR & BIOGAS

IMPROVE CARBON  
SEQUESTRATION

ANIMAL WELFARE IN FOCUS

# From minimize the negative to maximize the positive impact

THE FOOTPRINT

THE HANDPRINT

# Carbon Footprint of various beverages in Sweden

How does the nutritional value impact the results
