

The logo features the text "NORTH SEA CLIMATE" in large, bold, dark blue capital letters, with "CONFERENCE 2019" in smaller, bold, dark blue capital letters below it. The text is centered and overlaid on a complex network of blue lines connecting small blue dots. Scattered throughout this network are several green and yellow spheres of varying sizes, some of which are larger and more prominent than others.

NORTH SEA CLIMATE

CONFERENCE 2019

Working together to
tackle climate change

Climate Adaptation

@NorthSeaCon #NSRclimate

CPMR NORTH SEA COMMISSION

Claudia Cowie
Advisor - Energy and Climate Change
Group

North Sea Commission

- **Promote common interests:**
 - European Union institutions,
 - National Governments and Regional
 - Organisations dealing with issues relevant to the North Sea.
- **Four thematic groups:**
 - Energy and climate change
 - Marine resources
 - Smart Regions
 - Transport

@NorthSeaCon #NSRclimate

North Sea Commission

- **Energy and Climate Change Group:**
 - Cooperation and knowledge sharing across the region –
 - Best practice, research, technology innovation, opportunities
 - Regional Energy Transition Factsheets
 - Regional Adaptation Factsheets
 - Hydrogen Position Paper

@NorthSeaCon #NSRclimate

North Sea Commission - Climate Adaptation

- **NSC Strategy 2030**
 - Climate Neutral North Sea Region
 - To be a leader in global climate action
 - Renewable Energy and Alternative Fuels
 - Energy Efficiency
 - CCUS and Natural Sequestration
 - Climate Adaptation
- **NSC Climate Adaptation Position Paper**
 - Aim? Who? What?

@NorthSeaCon #NSRclimate

Egon Baldal
Project Leader Interreg NSR C5a

Best Practice

10 min to discuss:
What does good adaptation
look like?

Challenges

10 min to discuss:
What are the conflicts that
can arise?

Future Needs

15 min to discuss:
What is required for
progressing action on
adaptation across the North
Sea region?

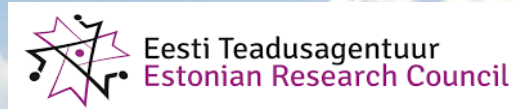

How to use sli.do:

1. Connect to Wi-Fi network *Marstrands-Konferens*.
Password: *12konferens34*
2. Open the browser on your phone and go to
www.sli.do
3. Enter the event code: *northsea*
4. Click on “JOIN”
5. Choose “Workshop Climate Adaptation (JT)”
6. Go to “POLLS”

Towards a joint Baltic Sea and North Sea research and innovation programme

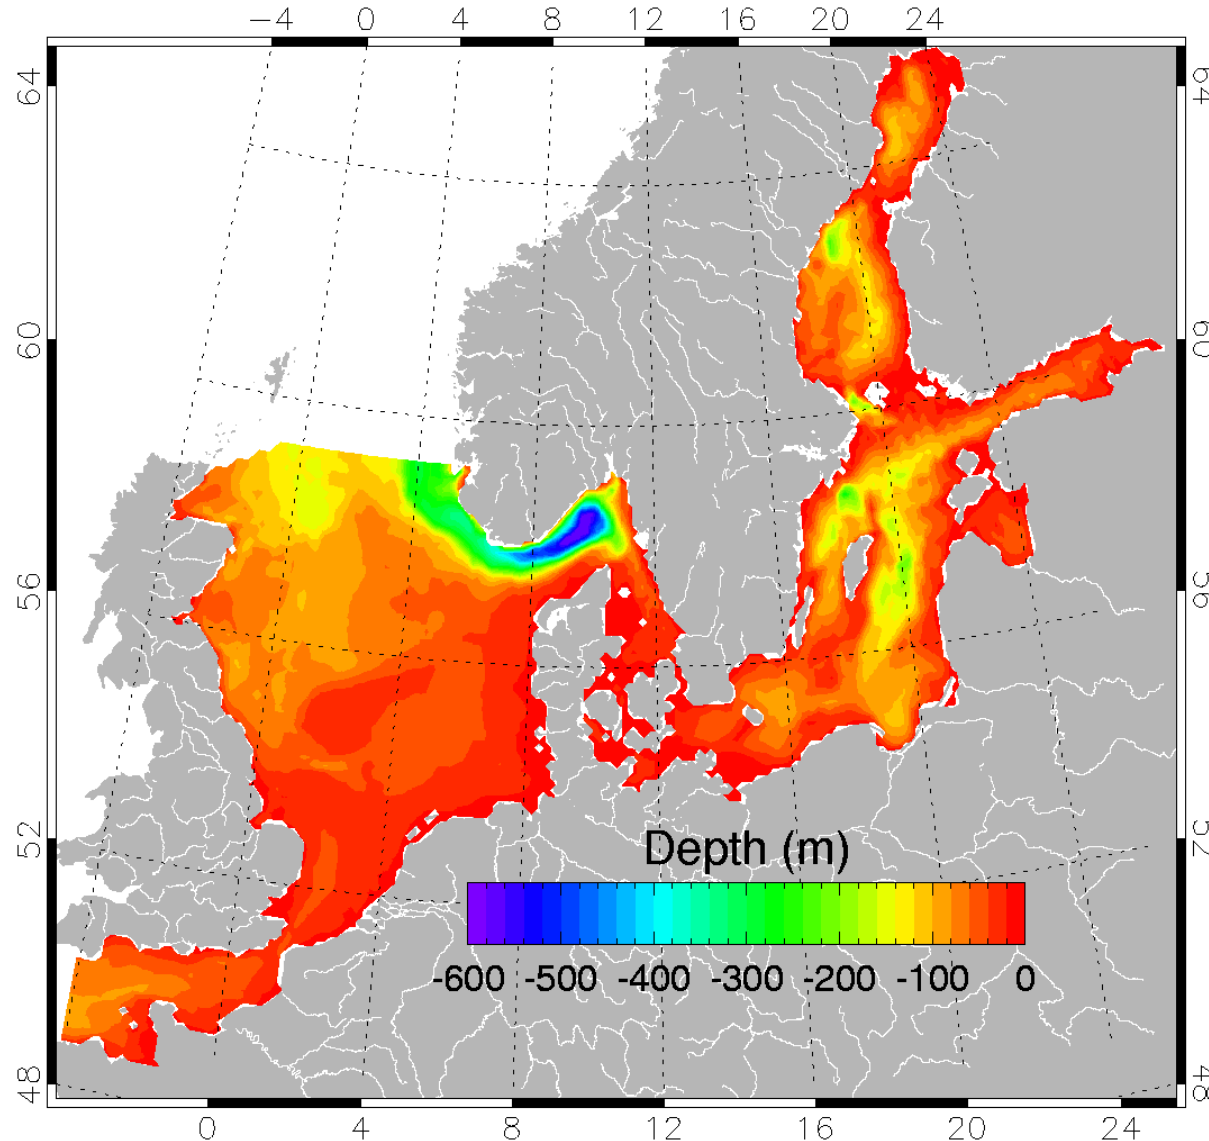

BANOS CSA

BALTic and NOrth Sea Coordination and Support Action

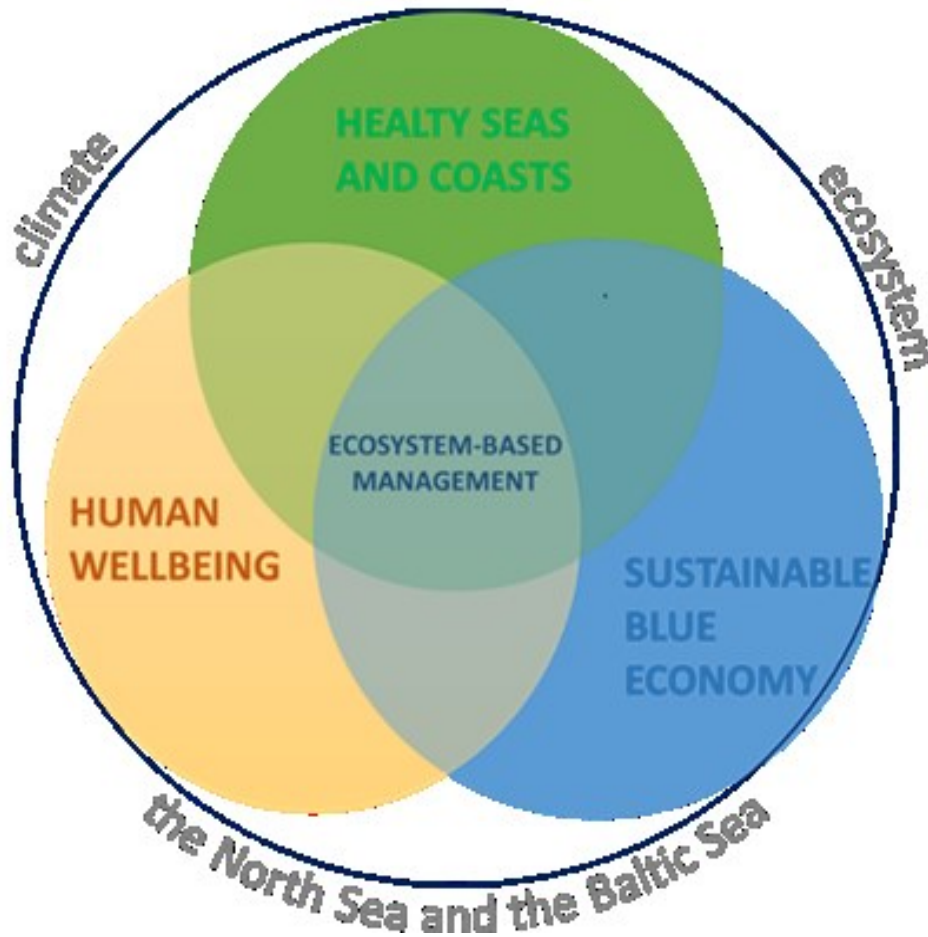

BANOS CSA

Why a 'sister seas' approach?

- Same climate and biogeographical zone
- Connected via water flows and biota migrations
- Several participating states border both seas
- Human-induced pressures and risks of similar character and magnitude

The scope and the framework

Strategic Objectives	Healthy Seas and Coasts	Sustainable Blue Economy	Human Wellbeing
Specific Objectives	<p>A resilient marine ecosystem</p> <p>Seamless governance linking land, coast and sea</p> <p>Digital Ocean - Competent ecosystem modelling, assessments and forecasting</p> <p>Efficient techniques for environmental monitoring</p>	<p>Sustainable resource management of marine global commons</p> <p>Understanding the value of ecosystem goods and services</p> <p>Smart Seas - sustainable, circular and bio-based blue solutions</p>	<p>Safe food and feed</p> <p>Safe and accessible coast</p> <p>Open Science - Access to knowledge and information</p>

Slide by BANOS CSA task team: Sif Johansson and Petra Wallberg, FORMAS, Sweden

FORMAS

ETT FORSKNINGSRÅD FÖR HÅLLBAR UTVECKLING
A SWEDISH RESEARCH COUNCIL FOR SUSTAINABLE DEVELOPMENT

The logo features the text "NORTH SEA CLIMATE CONFERENCE 2019" in a bold, dark blue, sans-serif font. The words "NORTH", "SEA", and "CLIMATE" are stacked vertically, with "CONFERENCE 2019" centered below "CLIMATE". The text is superimposed on a complex, abstract network of blue lines and dots, with several large, semi-transparent green and yellow spheres scattered throughout the design.

NORTH SEA CLIMATE CONFERENCE 2019

Thank You!
